

Assurance GDS[®] PIPETMAX

Targeted Automation

- Reduce Assurance GDS sample prep labor
- Improve reagent prep consistency and accuracy
- Increase lab workflow efficiency and flexibility

Maximize your time and reduce testing costs with Assurance GDS PIPETMAX

Reduce Reagent Dispensing Labor by 50%

- Pre-programmed to pipette all GDS reagents
- Dispense reagents in advance so they are ready when you need them
- Prepare for a single run or multiple runs, with different sample volumes
- Removable staging trays for quick transitions between multiple GDS assays
- Don't lose valuable bench space
W 21.4" x D 25.8" x H 20.9" footprint

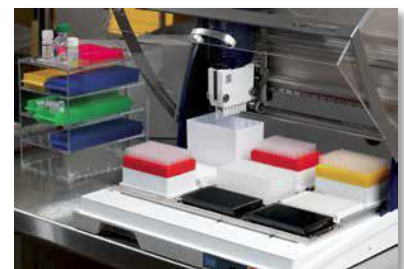

PIPETMAX handles the routine allowing you to focus on other critical laboratory tasks

Select assay and enter # of samples

Load reagents and disposables

Let PIPETMAX do the work for you
